

TILLERMAN TEA

Tea Notes November 2008

- November Tea of the Month -

Ruby Black

A special hybrid from the Taiwan Tea Experimental Station (TTES), this tea was a find of our proprietor, David Campbell. Known as TTES 18, this tea is a hybrid of the Assam tea cultivar and a native Taiwanese cultivar. The resulting hybrid has the rich malty qualities of the Assam and the cinnamon spice and florals of Taiwanese teas. For anyone who likes the robust body of Assam this will be a favorite!

- Green Tea Sale -

With the Autumn Harvest over and the Spring Harvest just around the corner we need to finish off the last of this year's green teas. All of our green teas are vacuum sealed at the farm to ensure the freshness of the tea. Packed this way the teas will last for a year but we need to make room for the new teas!

Pick up your favorite green to last you through the year or try something new!

15% discount off ALL Green Tea

- Tea Appreciation: Black Tea -

Come join our Director of Tea Culture and Education, David Wong, for an introduction to black tea. What is black tea? What is English Breakfast? Is Lipton a black tea? Are there such things as English teas? Do you want to add milk and sugar to your black teas? All these questions will be answered and so much more. This tasting is free so

space is limited and by a first come first serve basis. So call in or email us as soon as possible to reserve a spot for this tasting.
